ISE LODGE & HANWOOD PARK - LATEST UPDATE

## NEWS FROM YOUR LOCAL CONSERVATIVES

### CAMPAIGN SUCCESS: DEEBLE ROAD ZEBRA CROSSINGS DELIVERED!

▲ **PHOTO:** Ward councillors Alex Evelyn, Craig Skinner and Lloyd Bunday trying out the new zebra crossing.

We are very pleased to have secured not just one but **two** zebra crossings on Deeble Road, following several years of tireless campaigning by your local ward councillors.

The crossings allow much safer opportunities for pedestrians and cyclists to cross the road. We're committed to delivering improvements such as this for the benefit of local residents. Achieving new infrastructure such as this requires tireless hard work and determination - not just empty slogans and selfies. **Your local Conservatives continue to work hard to serve you and improve our great community.**

### CAMPAIGN SUCCESS: SAVING ISE LODGE COMMUNITY CENTRE

18 months ago, we were approached by the Ise Lodge Community Centre who were grappling with the impact of rising energy costs and inflation.

Working in partnership with local community groups and the developers behind Hanwood Park, we have been able to secure new solar panels at the Community Centre. The new panels are helping with their energy bills and will in turn help to safeguard this brilliant facility for the future as our community continues to grow and thrive.

### KEEPING ISE LODGE AND HANWOOD PARK TIDY!

We continue in our fight to tackle fly-tipping, graffiti and litter. **Please do get in touch** if you would like us to organise a tidy-up in your area.

### POTHOLES!

We are continually reporting potholes on your behalf so they can be fixed.

### YOU CAN REPORT ISSUES HERE:

### DELIVERED: FENCE REPAIRS

We are pleased to report that the broken fence opposite KSA has now been repaired.

# Labour government puts KGH upgrade at risk

## UNDER THE CONSERVATIVES

Multiple debates secured in Parliament.

**£400m+** secured for fully-funded, redeveloped, improved and expanded hospital on the existing site by 2030.

Early enabling works already **underway**.

## UNDER THE LABOUR GOVERNMENT

KGH rebuild “under review” and **at risk**.

Complete lack of updates or reassurance from Rosie Wrighting MP or the local Labour

Total dishonesty from the Labour Chancellor, who said in June 2024: *“We’ve committed to the rebuild of Kettering General Hospital.”*

## ‘Out of touch’ Green Party votes for uncontrolled immigration

Local people have consistently told us they want to see stricter controls on immigration. Before leaving office, the Conservatives had brought small boat crossings down by 29% on the previous year and had reduced by 11% the number of work visas granted to main applicants in all work categories in the year up to June 2024.

However, the Green Party have chosen to completely disregard local opinion here in Kettering by voting for a commitment to “**dismantle the Home Office**”, for “**a world without borders**” and claiming that “**migration is not a criminal offence under any circumstances**”. These unworkable policies are completely at odds with the views of local people, who have told us they would much prefer to see tighter controls on immigration to the UK.

## SAVE THE WINTER FUEL ALLOWANCE! LABOUR GOVERNMENT URGED TO U-TURN

Local Conservatives are backing the campaign to **restore the Winter Fuel Allowance**. The recent decision by Rosie Wrighting MP and the Labour government to vote to scrap the Winter Fuel Payment and introduce means testing will affect an estimated 17,395 pensioners in Kettering constituency alone.

With over £24 billion spent in their first 24 days, Labour needs to come clean about whose decisions are making public finances worse.
